Dear Mr. Duprey:

Enclosed please find DOE/Rockwell's responses to EPA/CDH's comments on the March 1, 1988 submittal of the 881 Hillside Remedial Investigation/Feasibility Study (RI/FS). DOE/Rockwell has been very thorough in their responses to the comments that were submitted. Please note these responses do include two (2) additional quarters of 1988 data that provide support to the responses to the EPA/CDH comments. After your staff has had sufficient time to review the responses, we would like to meet with your staff to resolve any problems in the report and reach agreement on options for site remediation/corrective action.

Should you have any questions regarding the enclosed responses or are prepared to meet to discuss the responses, please contact Ms. Candice Jierree or Ms. Kari Schneider at 966-4888 or 966-2473, respectively.

Sincerely,

Original Signed By
